Enclosures:

- 1) Quotation
- 2) Business Terms and Conditions

PRE-MIXER:-

Double Ribbon Screw mixer

We add certain micro-ingredients (Minerals, Vitamins and Nutrients) in Poultry feed whose percentages is very low, generally less than 0.5% i.e. 4kgs in 1000kgs.If added directly in Feed mixer, it may not be dispersed homogeneously in whole batch.

By installation of Pre-mixer, we first dilute these micro ingredients in 50kgs or 100kgs of any of feed ingredients i.e. Rice Polish, DRB or Maize etc. After Pre-mixing when this pre-mixed feed ingredient will be added to feed mixer, will get homogenized and very accurate results are achieved. This same pre-mixer can be used for medicines also.

MODEL	DRUM VOLUME	WORKING VOLUME	TRACE MINERAL PER BATCH	VITAMINS PER BATCH	POWER REQD.	PRICE IN RS.
MM-50-R	5.7 Cubic ft.	3.68 Cubic ft.	100Kgs.	50Kgs.	3 HP	95,000.00

(MM-50-R):-

Our Model MM-50-R of Pre-Mixer has drum volume of 5.7 cubic ft., and its capac. It can run on 3 HP Motor and Motor Pulley is supplied with mixer.

Const. : All contacting Parts in SS 304 with Thickness of wall 3mm.

Density : We consider 21 Kg/Cu.Ft. density of medicines.

Price of Motor: 3 HP, 1440 rpm (Foot Mounted Motor)	Rs. 11,716.00
V-Belts:	Rs. 480.00
Total for all the above	Rs. 1,07,196.00
Discounted Price	Rs. 97,321.00
Final Price with GST @ 12%	Rs. 1,09,000.00

Note: Transportation is excluded.

Space Requirement: Space required for Pre-Mixer is 4' height, 4' width, 5' length.

Accessories: Mixer is supplied with standard accessories such as motor pulley, motor mountings (railings), belt cover etc.
